Booze Clinches Rookie Award and Sixth Place Points Finish in O'Reilly Southern Nationals

August 2, 2007 – Marion, PA – Brian Booze of Booze Brothers Racing completed a successful showing during the 2007 O'Reilly Southern Nationals series Saturday night. He accumulated 4 top ten finishes, including a third place finish that sealed his bid for the Rookie of the year award and placed him sixth in points. The B2 Booze Brothers Performance/Palmer Construction/Jake's Professional Auto Detailing/Cebco Village Mart/Youngblood Concrete/MasterSbilt/Kuntz & Company/Sign Design Ford Fusion followed the fast-paced series of 10 races in 13 nights, traveling from southern Virginia to North Carolina, South Carolina, Georgia and Tennessee.

"It was basically dirt racing boot camp. Ray Cook, (the series promoter), told me I would learn more in two weeks than I would in an entire year of racing, and it definitely was a learning experience," Booze comments. "Running with guys like Chris Madden, Jimmy Owens and Dennis "Rambo" Franklin, the fields were competitive and the tracks were pretty diverse from ½ mile high bank to little ¼ mile slick bullrings. The worse thing we battled throughout the entire two weeks was the weather since it rained almost every night. We were jokingly calling it the storm-chaser series."

Booze noted there were several people who helped provide him with the opportunity to participate, including Brownie and Cheryl Brown of Youngblood Concrete. He also thanks Terry Overcash for acting as the lone crewman for most of the trip as well as the regular BBR crew and staff

who all helped prepare for the rigorous tour. Special thanks go out to Ray Cook, his crew and family for all of their assistance and hospitality.
